has successfully attended the
Day 1 – Vision & Leadership in Future Education of the
Educast International Online Conference 2026
held on 6 February 2026

Day 1 focused on strategic foresight for 2026 and beyond, exploring educational policy, governance, reform, and equity-driven leadership models. Participants engaged in critical discussions on AI and data-informed decision-making, leading systemic change in schools and institutions, and examining the evolving responsibilities of educational leaders in a rapidly transforming world.
