has successfully attended the
Day 4 – Empowering Educators of the
Educast International Online Conference 2026
held on 9 February 2026

Day 4 centered on strengthening the professional ecosystem surrounding educators. Sessions addressed the design of impactful professional development programs, coaching and mentoring frameworks, teacher leadership pathways, certification and recognition models, and strategies for sustaining teacher wellbeing and resilience. Participants critically examined the guiding question: What do teachers really need in 2026?
